

Stage and Screen's **ENTERTAINMENT CAR PROGRAM**

Experience the difference with our car rental program, where convenience meets affordability, tailored to meet your unique needs.

Meticulously designed with cost-effectiveness and convenience at its core, backed by years of valuable client feedback.

Here's what sets us apart:

Static rental rates

Say goodbye to market fluctuations. Our rates remain stable, allowing for predictable budgeting, ensuring financial peace of mind.

Reduced and capped excess amounts

Enjoy greater financial protection with reduced and capped excess amounts, ensuring you're covered in unexpected situations without compromising your budget.

Waived additional and underage driver fees:

Share driving responsibilities with ease and accommodate younger drivers as well as including tolls and insurance without incurring extra costs, making your journey hassle-free. (Please note these offers depend on the supplier.)

Long-term rental discounts and VIP priority service:

Planning an extended rental? Enjoy further discounts through our program. Our VIP priority service ensures your needs are promptly addressed, providing a seamless and efficient experience.

On request delivery and collection options:

Save time and effort with our convenient delivery and collection options. We'll bring the rental vehicle to you and collect it when you're done, enhancing your overall experience.

Company nominations:

With our program, you can nominate your company for bookings, streamlining the process. Additional drivers affiliated with your company listed in the booking don't need to provide driver details at depots, further simplifying your rental experience.
